

**Numbers, data and facts**

# The market site

The market site covers a total area of 27 hectares. The area of the handling facilities amounts to 55,167m<sup>2</sup>, loading and unloading areas for the buyers take up 88,538m<sup>2</sup>.

Company parking spaces cover a total of 17,459m<sup>2</sup>.

28,360m<sup>2</sup> of the retail space is owned by private companies. 26,807m<sup>2</sup> are let to market companies.

# The handling of goods

330 market companies with more than 3,000 employees handle 1.5 million tonnes of goods at the Wholesale Market Hamburg every year. The value of these goods (fruit and vegetables) amounts to approx. 2 billion euro.

The Wholesale Market Hamburg currently has around 6,200 commercial customers.

The value of the flowers traded is estimated at 80 million euro.

# The market hall

The fruit and vegetable hall measures 220m x 183m, the height of the hall is 21 metres. The basement and ground floor each measure 40,000m<sup>2</sup>, the mezzanine floor covers 17,000m<sup>2</sup>. The offices in the building take up about 2,500m<sup>2</sup>.

The market's flower hall is somewhat smaller, measuring 180m x 57m with a height of 14 metres. It consists of the basement with 8,000m<sup>2</sup>, the ground floor with 10,260m<sup>2</sup> and 400m<sup>2</sup> of office space.

The market hall has been listed as a historic building since 1996.
